- (6) Direct-trunked transport;
- (7) Special access; and
- (8) Line information database;
- (9) Entrance facilities.

(c) For all tariffs filed with this Commission that become effective after March 31, 1989, the carrier's carrier charges for access service shall include charges for each of the elements listed in § 69.4(b) and for each of the following elements:

- (1) Universal Service Fund;
- (2) Lifeline Assistance.

(d) For the period June 1, 1988 through December 31, 1993, all telephone companies may implement a separate carrier's carrier tariff charge for an Equal Access element. Effective January 1, 1994, all telephone companies shall eliminate separate carrier's carrier tariff charges for an Equal Access element.

(e) The carrier's carrier charges for access service filed with this Commission by the telephone companies specified in § 64.1401(a) of this chapter shall include an element for connection charges for expanded interconnection. The carrier's carrier charges for access service filed with this Commission by the telephone companies not specified in § 64.1401(a) of this chapter may include an element for connection charges for expanded interconnection.

(f) All telephone companies may implement a separate carrier's carrier tariff charge for the contribution charge element described in § 69.122, if authorized by the Commission by order.

#### § 69.5 Persons to be assessed.

(a) End user charges shall be computed and assessed upon end users, as defined in this subpart, and as provided in subpart B of this part.

(b) Carrier's carrier charges shall be computed and assessed upon all interexchange carriers that use local exchange switching facilities for the provision of interstate or foreign telecommunications services.

(c) Special access surcharges shall be assessed upon users of exchange facilities that interconnect these facilities with means of interstate or foreign telecommunications to the extent that carrier's carrier charges are not assessed upon such interconnected usage. As an interim measure pending the development of techniques accurately to measure such interconnected use and to assess such charges on a reasonable and non-discriminatory basis, telephone companies shall assess special access surcharges upon the closed ends of private line services and WATS services pursuant to the provisions of § 69.115 of this part.

(d) Universal Service Fund and Lifeline Assistance charges shall be assessed upon all interexchange carriers that use local exchange switching facilities for the provision of interstate or foreign telecommunications services and that have at least .05 percent of the total common lines presubscribed to interexchange carriers in all study areas.

### Subpart B—Computation of Charges

#### § 69.101 General.

Except as provided in § 69.1 and subpart C of this part, charges for each access element shall be computed and assessed as provided in this subpart.

[55 FR 42386, Oct. 19, 1990]

#### § 69.103 Limited pay telephone (public telephones that can access the services of only one interexchange carrier).

(a) A charge that is expressed in dollars and cents per line per month shall be assessed upon an interexchange carrier for each line terminating in a public telephone which can be used to originate any of its interstate or foreign telecommunications services, but not such services of other interexchange carriers.

(b) The per line charge shall be computed by dividing one-twelfth of the projected annual revenue requirement for the Limited Pay Telephone element by the projected average number of public telephones which can access the services of only one interexchange carrier.

[52 FR 37310, Oct. 6, 1987]

**§ 69.104 End user common line.**

(a) A charge that is expressed in dollars and cents per line per month shall be assessed upon end users that subscribe to local exchange telephone service, Centrex or semi-public coin telephone service to the extent they do not pay carrier common line charges. Such charge shall be assessed for each line between the premises of an end user and a Class 5 office that is or may be used for local exchange service transmissions.

(b) Charges to multi-line subscribers shall be computed by multiplying a single line rate by the number of lines used by such subscriber.

(c) Except as provided in § 69.104(d) through (h), the single line rate or charge shall be computed by dividing one-twelfth of the projected annual revenue requirement for the End User Common Line element by the projected average number of local exchange service subscriber lines in use during such annual period.

(d) If the monthly charge computed in accordance with § 69.104(c) exceeds \$6, the charge for each local exchange service subscriber line, except a residential line, a single-line business line, or a line used for Centrex-CO service that was in place or on order as of July 27, 1983, shall be \$6.

(e) The monthly charge for each residential or single line business local exchange service subscriber shall be the charge computed in accordance with § 69.104(c), or the relevant transitional charge established in § 69.203, whichever is lower.

(f) Except as provided in § 69.104 (j) and (k), the charge for each residential local exchange service subscriber line shall be the same as the charge for each single line business local exchange service subscriber line.

(g) A line shall be deemed to be a residential line if the subscriber pays a

rate for such line that is described as a residential rate in the local exchange service tariff.

(h) A line shall be deemed to be a single line business line if the subscriber pays a rate that is not described as a residential rate in the local exchange service tariff and does not obtain more than one such line from a particular telephone company.

(i) The End User Common Line charge for each multi-party subscriber shall be assessed as if such subscriber had subscribed to single-party service.

(j) The End User Common Line charge for a residential subscriber shall be 50% of the charge specified in § 69.104 (c) and (d) if the residential local exchange service rate for such subscribers is reduced by an equivalent amount, *Provided*, That such local exchange service rate reduction is based upon a means test that is subject to verification.

(k)(1) The End User Common Line charge for residential subscribers shall be reduced to the extent of the state assistance as calculated in paragraph (k)(2) of this section, or waived in full if the state assistance equals or exceeds the residential End User Common Line charge under the circumstances described below. In order to qualify for this waiver, the subscriber must be eligible for and receive assistance or benefits provided pursuant to a narrowly targeted telephone company lifeline assistance program, requiring verification of eligibility, implemented by the State or local telephone company. A state or local telephone company wishing to implement this End User Common Line reduction or waiver for its subscribers shall file information with the Commission Secretary demonstrating that its plan meets the criteria set out in this section and showing the amount of state assistance per subscriber as described in paragraph (k)(2) of this section. The reduction or waiver of the End User Common Line charge shall be available as soon as the Commission certifies that the State or local telephone plan satisfies the criteria set out in this paragraph and the relevant tariff provisions become effective.

(2)(i) The State assistance per subscriber shall be equal to the difference
